

## Environmental/Sustainability Policy

Fire Safety Services (UK) Ltd is committed to protecting and enhancing local and global environments and to ensure that activities are carried out in a sustainable way.

To meet this policy aim, we will endeavour to:

- be aware of all new environmental legislation and regulations
- comply with all environmental legislation and regulations
  
- minimise energy use and its associated CO2 emissions
- maximise the use of renewable energy sources where possible
  
- minimise the generation of waste
- maximise the re-use of materials and products
- maximise the use of recycled materials and products
- maximise the recycling of materials and products
  
- minimise raw materials consumption
- maximise the use of material from renewable sources
- minimise polluting emissions to air, land and water
- minimise the use of polluting forms of transport
  
- assess the environmental impacts of all working practices and product manufacture
- assess the whole life environmental performance of all purchases
  
- maximise the use of local products and local workforce
- minimise the use of water
  
- work towards adopting the principles of an Environmental Management System
